

## NW Solar Expo Educational Classes Saturday, May 1

Room Number	MAIN STAGE	SOLAR STAGE	GREEN THEATER	ROOM E141	ROOM E142
				Manufacturer Training Classes	
10:00am - 6:00pm	Expo Opens to Public - 10am			SOLMETRIC - Shade Matters! Shade Analysis and Mitigation For PV Systems	
10:30am - 11:00am		Solar Electric Installations (Residential & Small Commercial)	Solar Hot Water Systems		
11:00am - 11:30am	Basics of Going Solar	Solar Electric (PV) Technology Comparisons	Solar Hot Water Technology Comparison		Quick Mount PV: Code Compliant Mounting & Flashing Solutions
11:30am - 12:00pm		Solarize Portland: Community Empowerment through Collective Purchasing	Off-Grid Living		
12:00pm - 12:30pm	Passive Solar Home Design Ideas	FIT - What is Feed in tariff and why you should care			SANYO - SANYO'S HIT Technology
12:30pm - 1:00pm	Intro to Residential Wind Energy	What Energy Trust Can Do For You	Intro to Solar Pool Heating		
1:00pm - 1:30pm	Solar For Your Business	Make a Solar Cooker out of Cardboard	Solar Hot Water Systems		ENPHASE ENERGY - Introduction To the Enphase Microinverter System
1:30pm - 2:00pm		Fun for Kids and Adults	Choosing a contractor		
2:00pm - 2:30pm	Solar Electric Installations (Residential & Small Commercial)	Financing Your Solar Project	Going Solar with PGE	UNIRAC - Unirac's PV Installation Solutions	
2:30pm - 3:00pm	Solar Electric (PV) Technology Comparisons		Consumer Behavior as it Relates to Energy Efficiency		
3:00pm - 3:30pm		Navigating Incentives and Tax Credits			
3:30pm - 4:00pm	Battery Based Solar Electric Systems			Intro to Solar Pool Heating	
4:00pm - 4:30pm		FIT - What is the Feed-In-Tariff and Why You Should Care	Solar Hot Water Systems		
4:30pm - 5:00pm	Solar Revolution		Solar Hot Water Technology Comparison		
5:00pm - 5:30pm					
5:30pm - 6:00pm					
6:00pm	Solar Expo Closes at 6pm
